ROVIGO - 16/17 FEBBRAIO 2018

Una formulazione innovativa della curcumina come candidato al trattamento dell'infiammazione prostatica. Biodisponibilità, attività anti infiammatoria

*Angelo Naselli
Ospedale San Giuseppe, Milano*

Curcumina I
(Curcumina)

Curcumina II
(demetossicurcumina)

Curcumina III
(bisdemetossicurcumina)

CURCUMINOIDI

Target:

CURCUMINOIDI

Riduzione dell'attività infiammatoria sistemica e prostatica in pazienti affetti da prostatite.

Antibatterico

Antidepressivo

Antiossidante Radicale libero

Antiossidante

Antidolorifico

Liposolubili

Pessima solubilità nei fluidi organici

Sensibile a variazioni del pH

Rapida Eliminazione

Scarso assorbimento Intestinale

Scarsa Biodisponibilità

Curmalprost

ULTRASOL[®] curcumin

**Dispersibile nei
fluidi biologici**

**Alto contenuto in
curcuminoidi (45-50%)**

AUMENTATA BIODISPONIBILITA'

**Attività antinfiammatoria
sistemica e prostatica della
frazione bioaccessibile**

Condizioni digestive simulanti adulto

THP-1

LNCaP

Fenotipo macrofagico (PMA)

Endotossine (LPS)

**Terreno condizionato
THP-1 (CM)**

Rilascio citochine (IL-1 β e TNF- α)

Attività ciclossigenasi (COX)

Rilascio IL-1 β

Rilascio TNF- α

Attività COX totale

Attività COX-2 totale

Rilascio IL-1 β

Rilascio TNF- α

Attività COX totale

Attività COX-2 totale

Assorbimento Intestinale

Polarità

Tight junction

Microvilli

Trasportatori ed enzimi

Curcuminoids	
absorption %	0.18 ± 0.05
µg bioavailable/mg active principle	1.8
Apparent permeability – P _{app} (cm/s)	3.9 x 10 ⁻⁷

Permeabilità apparente

Vitalità

**Attività antinfiammatoria
sistemica e prostatica della
frazione biodisponibile**

Rilascio IL-1 β

Rilascio TNF- α

Attività COX totale

Rilascio IL-1 β

Rilascio TNF- α

Attività COX totale/COX-2

L'innovativa formulazione basata su **ULTRASOL® curcumin** presenta:

□ **ASSENZA** di **EFFETTI AVVERSI** sull'epitelio intestinale (**SICURA**)

□ Frazione bioaccessibile e biodisponibile dotate di un'**EFFICACE ATTIVITA' ANTINFIAMMATORIA** a livello sistemico e prostatico.

SINGOLA SOMMINISTRAZIONE
